

Welcome!

Thank you for choosing Avery Eye Clinic! We are committed to providing the best possible eye care. It is our pleasure to welcome you as a patient.

The following is some information about our practice and what to expect when you arrive. Please read this to ensure that your experience with us is professional, productive, and meets or exceeds your expectations.

WHAT TO BRING WITH YOU:

- Your insurance cards
- A valid photo ID
- Glasses or contact lenses, if you wear them
- Eyedrops, if you use them
- A list of any medications you are taking
- The forms in this packet, completed, signed, and dated.
- A referral, if needed by your insurance. Referrals may be faxed to our office prior to your appointment.
- A list of questions you may want to ask the doctor

ESTIMATED TIME OF YOUR VISIT

If this is your first time to our office, please allow up to two hours for your visit. Our doctors take pride in the thoroughness of their exams and will take the time to answer your questions. If you have another commitment scheduled on the same day as your visit with us, please leave sufficient time to safely get to your next scheduled activity. Also consider that dilation (which can last up to six hours) can impair your driving ability. Most people can drive following dilation, but you may want to bring a driver if you have experienced problems driving after dilation in the past, or if your eyes have never been dilated.

FINANCIAL

The doctor is concerned with issues involving the health of your eyes and improved quality of life through vision health. Any questions you may have regarding our charges, payment for your services, or insurance billing should be directed to the front office staff prior to your visit.

AVERY EYE CLINIC FINANCIAL POLICY

At Avery Eye Clinic, we believe that all patients who come to this office deserve the best medical care and service available. For us to provide you with the highest quality eye care with current technology, we must meet the expenses necessary to operate this facility. To reduce confusion and misunderstanding between our patients and practice, we have adopted the following financial policies. If you have any questions regarding these policies, please discuss them with the Billing Supervisor.

DEFINITIONS

- *In-Network/Participating Insurance:* These are insurance companies with whom we have a contractual agreement. If we are "in-network", we have agreed to a discounted rate with the insurance company for its members
- *Out of Network/Non-Participating Insurance:* These are insurance companies with whom we do not have a contractual agreement. If we are not "in-network" with your insurance carrier, and you do not have "out of network" benefits on your policy, we will not bill your insurance carrier and you will be considered a "Self-Pay" patient, responsible for all services rendered on your visit. We will be happy to give you an itemized receipt from your visit so that you may file a claim with your insurance company.
- *Accept Assignment:* We agree to accept payment from your insurance company for services rendered. You will still be responsible for any deductible, copay, and/or coinsurance amounts at the time the service is rendered.

SELF-PAY PATIENT: We offer discounted rates for patients without insurance or with "out of network" insurance that have no out of network benefits. We do ask for a credit card, check, or cash deposit of the expected charges payable at check in, to secure your appointment. Any additional charges or reductions will be calculated at check out, and either collected or refunded, as needed.

PAYMENT AT TIME OF SERVICE: As a courtesy, we will bill your insurance for office visits. However, we ask that you pay any portion that we have reason to believe will not be covered by your insurance (i.e. deductible, copay, coinsurance, non-covered services). Full payment is due on the day of service.

REFERRAL: If you did not obtain a required referral or authorization from your insurance company or primary care physician and one is required, you will be responsible for all charges.

MEDICARE PATIENTS: If you have Medicare as your primary insurance, but no secondary/supplemental insurance, then you are responsible for the Medicare deductible and coinsurance at the time of service.

PAYMENT OPTIONS: Avery Eye Clinic accepts cash, check, all major credit cards, and Care Credit. There is a \$25 fee for all returned checks.

MEDICAL RECORDS: A copy of your medical records is available to you at your discretion. A medical records release form must be filled out and signed by the patient prior to the release. The fee for medical records preparation and copying is \$25.00.

SUBMISSION OF CLAIMS: Avery Eye Clinic will submit your insurance claim on your behalf; however, it is important to understand that your insurance is a contract between you and your insurance company. Although we file insurance claims as a courtesy to you, *you are still responsible for all charges not paid by your insurance*, such as deductibles, copays, coinsurance, and non-covered services.

Your medical insurance plan will only pay for services that it defines as "reasonable and necessary." If your carrier determines that a particular service does not meet its criteria under program standards, your plan will deny payment for this service. In the event that your insurance carrier determines a service is "not covered," you will be responsible for the complete charge for that service.

BALANCE DUE AFTER INSURANCE PAYS: Patients will receive a statement with any outstanding balance once all applicable insurance companies have responded and payments have been posted. If a balance is due after your insurance carrier pays, payment is due upon receipt of a statement from our office. Payment arrangements may be made for special circumstances by contacting the Billing Supervisor within 30 days of receipt of the invoice. *It is your responsibility to contact our office to make special arrangements.*

REFRACTIONS: Medicare, Medicaid, and most commercial insurance plans do not cover refractions. Medicare and Medicaid only reimburse for services that they deem *medically* necessary, or are benefits of special preventive and screening programs. Refraction (CPT 92015) is a non-covered benefit as it is considered "routine" in nature. The fee for this test, when necessary, is \$40.00. If your ophthalmologist determines that you need to have a refraction performed and your insurance is one that does not cover it, you will be responsible for paying that portion of the exam fee, along with any other fees you are normally responsible for (i.e. copayments/deductibles).

"I understand that, in the opinion of my ophthalmologist, the service listed above and provided to me may not be covered under my commercial insurance, Medicare, or Medicaid as reasonable and necessary for my care. I understand that I am responsible for payment of the services or items I request and receive if these services or items are determined not to be a covered benefit."

(Patient/Responsible Signature)

LATE CANCELLATION/NO-SHOW POLICY: Should you need to cancel or rescheduled an appointment, please contact our office as soon as possible, but no later than 24 hours prior to your scheduled appointment. This gives us time to schedule other patients who may be waiting for an appointment. Late cancellation/no-show appointments may result in a \$25.00 fee for the first occurrence, increasing to a \$50.00 fee for any subsequent occurrences, and may not be rescheduled with that doctor, at the doctor's discretion. A third no-show or late cancellation/reschedule may be reviewed for dismissal as a patient of Avery Eye Clinic. The fee is charged to the patient, not the insurance company, and is **due at the time of the patient's next office visit**. If there are extenuating circumstances for why you are unable to give the minimum 24-hour notice, please contact our Front Office Supervisor to discuss.

I have read and understand the Avery Eye Clinic financial policy and I agree to be bound by its terms. I also understand and agree that Avery Eye Clinic may amend such terms at any time.

This Notice of Privacy Practices describes how we may use and disclose your PHI in accordance with applicable law. It also describes your rights regarding how you may gain access to and control your PHI. We are required by law to maintain the privacy of PHI and to provide you with notice of our legal duties and privacy practices with respect to PHI. We are required to abide by the terms of this Notice of Privacy Practices. We reserve the right to change the terms of our Notice of Privacy Practices at any time. For Payment: Your PHI may be used and disclosed to any parties that are involved in payment for care of treatment. If you pay for your care or treatment completely out of pocket with no use of any insurance, you may restrict the disclosure of your PHI for payment. *Example: Your payer may require copies of your PHI during the course of a medical record request, chart audit, or review.*

For Business Operations: We may use or disclose, as needed, your PHI in order to support our business activities including, but not limited to, quality assessment activities, employee review activities, licensing, and conducting or arranging for other business activities. We may also disclose PHI in the course of providing you with appointment reminders or leaving messages on your phone or at your home about questions you asked or test results. *Example: We may share your PHI with third parties that perform various business activities (e.g. Council on Accreditation or other regulatory or licensing bodies) provided we have a written contract with the business that requires it to safeguard the privacy of your PHI.*

Required by Law: Under the law, we must make disclosures of your PHI available to you upon your request. In addition, we must make disclosures to the Secretary of the Department of Health and Human Services for the purpose of investigation or determining our compliance with the requirements of the Privacy Rule, if so required.

Without Authorization: Applicable law and ethical standards permit us to disclose information about you without your authorization only in a limited number of other situations. Examples of some of the types of uses and disclosures that may be made without your authorization are those that are:

If information is disclosed to prevent or lessen a serious threat it will be disclosed to a person or persons reasonably able to prevent or lessen the threat, including the target of the threat.

(over)

Verbal Permission: We may use or disclose your information to family members that are directly involved in your receipt of services with your verbal permission.

With Authorization: Uses and disclosures not specifically permitted by applicable law will be made only with your written authorization, which may be revoked. Your explicit authorization is required to release psychotherapy notes and PHI for the purposes of marketing, subsidized treatment communication and for the sale of such information.

Your rights regarding your PHI:

You have the following rights regarding PHI we maintain about you. To exercise any of these rights, please submit your request in writing to our Privacy Officer: Tami Robichau, Avery Eye Clinic, 400 S. Loop 336 West, Conroe, TX 77304

Right to Amend: If you feel that the PHI we have about you is incorrect or incomplete, you may ask us to amend the information although we are not required to agree to the amendment.

Right to an Accounting of Disclosures: You have the right to request an accounting of certain of the disclosures that we make of your PHI. We may charge you a reasonable fee if you request more than one accounting in any 12-month period.

Right to Request Restrictions: You have the right to request a restriction or limitation on the use or disclosure of your PHI for services, payment, or business operations. We are not required to agree to your request.

Right to Request Confidential Communication: You have the right to request that we communicate with you about PHI matters in a specific manner (e.g. telephone, email, postal mail, etc.)
